**THE LANTHORN**

**the old order changeth,  
yielding place to new;  
and god fulfills himself in many ways,  
lest one good custom should  
corrupt the world.**

—TENNYSON

It has been said that the only permanent thing in this world is change. The class of '67 has experienced four years of change here at Susquehanna. The curriculum has been strengthened, three new buildings have been added including the 1.8 million dollar chapel-auditorium, Steele Hall was completely renovated, while G. A. Hall was gutted in a spectacular fire. The president of our country was assassinated, war broke out in Viet Nam, while men were walking in space.

In this year's LANTHORN, we are presenting this theme of change. In our art work, copy, and layout, we have tried to express the idea of innovation, transition, and modification.

I am grateful for the work of Ken Stoker, who put in many hours on the dividers depicting the four college years of the class of '67, to Mr. Stocker, who supplied many of our pictures, to Mr. Tamke, for his patience and assistance, and to the rest of my staff. We hope you enjoy our book.

## DEDICATION TO: Howard E. DeMott

Nearly twenty years ago, a man joined the Susquehanna faculty to teach in the University's Department of Science. He later took over as chairman of the Division of Natural Sciences and Mathematics, and at present is chairman of the Biology Department.

A native of Bloomsburg, Pennsylvania, he holds the bachelor of science degree from Bloomsburg State College and the master of science from Bucknell University. Under a National Science Foundation faculty fellowship, he earned his Ph.D. at the University of Virginia, doing much of his work at its Mountain Lake Biological Station.

A familiar figure to all students at Susquehanna, he serves as marshal of the faculty and carries the University's academic mace at convocations and commencements.

In recognition of your achievements as a scholar, as one who understands the problems of the student, and as one who has given many years of service to Susquehanna University, we are proud and honored to dedicate the 1967 LANTHORN to you, Dr. Howard E. DeMott.

a poor life  
this is, full of  
care; we have  
no time to  
stand and stare.

**we may affirm absolutely

President of the University

## **PRESIDENT WEBER**

At a University that is adapting to the changing ideas of the times and physically growing to meet the educational needs of the country, there is usually a man or a group of men leading the movement.

Susquehanna has indeed moved ahead since Dr. Weber took over as President of the University in 1959. This is especially evident in the last four years. The 1.8 million dollar Chapel-Auditorium was a dream-come-true for our leader. He was largely responsible for the completion of the impressive structure which has already become a landmark in Central Pennsylvania.

A man never too busy to stop and chat with a passing student, Dr. Weber has become a friend to many of the class of '67. Susquehanna is fortunate to have a man willing to look forward toward improving an institution that is already a part of him.

## IN MEMORIAM

The ocean has her ebbings —  
so has grief.

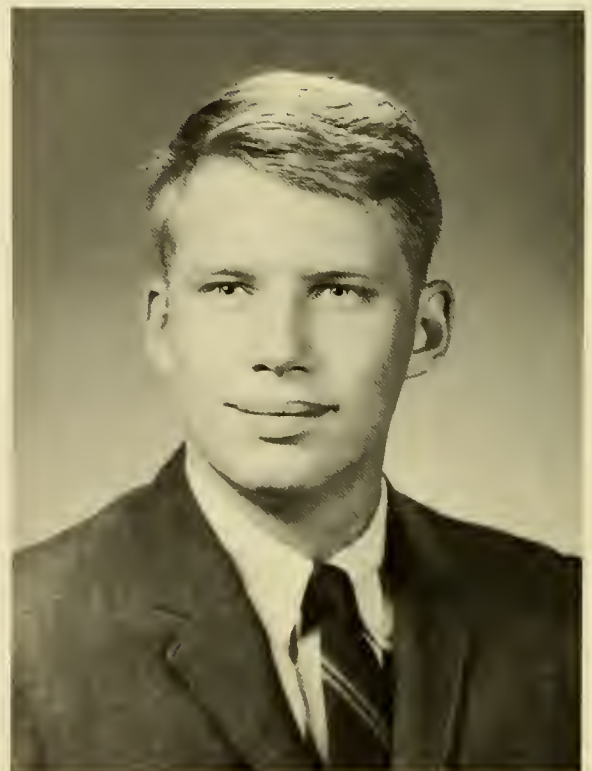

**T. Campbell**

Saxophones smooth madness to my ears  
My senses lost in its rhythmic grandeur of romance  
A toast to time I lonely take — I am alone  
In another world of Parisian lights — smoke filled rooms  
I listen, I drink, smoke and forget — I am alone . . .  
Days and nights slowly pass by — Peoples faces  
Are forgotten easily now.

**Gerald Iverson**

In this moment and the next  
Renewed and redeemed  
One thing we affirm, and this alone  
Whatever comes, whatever leaves us  
How far we go, how close we stay  
Separated always, or in time united  
In life or in death — we belong to thee.

**Joseph Mathews**

Heading for midfield.

Don't just stand there.
